## Kingsgrove Public School Uniform Policy

### Rationale for school uniform:

The Department of Education's policy on school dress code allows schools to make the wearing of uniform a requirement. It has been found that the wearing of school uniform brings with it many benefits such as:

- the promotion of the school's image within the community
- enhanced school spirit
- the feeling of unity between students
- increased confidence
- cost-saving for parents
- it is preparation for dress and safety codes required by employers.

### Consultation and Implementation:

At Kingsgrove PS a policy has been developed in partnership with the P&C, staff and students. It is our intention that this policy reflects the needs of students, their families and the school.

### **School Uniform Management:**

Students who do not wear correct school uniform need to bring a letter of explanation from a parent/caregiver. Students not in uniform will be unable to leave the school to participate in any excursion or to represent the school in a sporting team.

Where a student arrives at school out of uniform and with no explanation parents may be contacted to bring a uniform to the school. Repeated and unexplained failure to meet school dress requirements will result in parent letters and interviews.
